Bilbao: barge retrofit for LNG bunkering in the Cantabrian Coast

Adapting an existing LNG big-scale jetty in Ferrol to enable **LNG supply for small scale** and bunkering applications (<15,000 m³) through flexible elements, while keeping its big scale supply function

Multiproduct barge retrofitting completed

Designed for 4 x 300 m³ LNG tanks (2 installed)

Vessel renamed: from Monte Arucas to Oizmendi

First STS operation successfully completed

Construction finalized. Tests ongoing.
